

The Career Acceleration Framework

The US job market is highly competitive and heavily automated. Even highly skilled professionals are often rejected before a recruiter ever reviews their profile. This presents a significant challenge for job seekers.

Our career acceleration framework is designed to remove the biggest hiring barriers by optimizing every stage of your job search journey — from initial resume visibility to successful interview performance and proactive recruiter outreach. We provide a comprehensive suite of services to ensure your application stands out.

— Our Core Service Framework

Resume & LinkedIn Optimization

We transform your resume and LinkedIn profile into ATS-optimized, recruiter-focused marketing assets designed to improve visibility, increase interview calls, and strengthen your professional brand.

Resume Training Sessions

Interactive walkthrough sessions to help you fully understand your optimized resume, confidently explain your experience, and effectively communicate your impact during interviews.

Mock Interview Preparation

Real-world interview simulations designed to replicate technical and behavioral hiring rounds, helping you improve confidence, refine communication skills, and enhance overall interview performance.

Dedicated Placement Specialist

A dedicated career specialist who provides personalized assistance with candidate marketing, targeted recruiter outreach, strategic application planning, and seamless interview coordination.

Technical Support Assistance

On-demand technical guidance for coding assessments, in-depth system design discussions, rigorous technical screenings, clear project explanations, and critical interview troubleshooting.

Career Training Program

A structured mentorship program focused on advanced interview strategy, effective market positioning, polished communication improvement, strategic networking, and expert salary negotiation tactics.

Background Verification Support

Professional profile and documentation verification support to ensure all your applications are accurate, fully compliant with industry standards, and thoroughly recruiter-ready.

Our Service Plans

We offer a range of comprehensive service plans designed to meet your career advancement needs, each building upon the last to provide increasing levels of support. Select the plan that best aligns with your goals and budget.

Service	\$1,800 STARTER	\$2,000 GROWTH	\$2,500 TECHNICAL	\$3,000 COMPLETE
Resume Optimization	✓	✓	✓	✓
Resume Understanding Class	✓	✓	✓	✓
LinkedIn Optimization	✓	✓	✓	✓
LinkedIn Premium Subscription	✗	✓	✓	✓
Hiring Manager Direct Reach-Outs	✗	✓	✓	✓
Marketing Specialists Consultation	✓	✓	✓	✓
Mock Interviews (3 Sessions)	✓	✓	✓	✓
Technical Interview Support	✗	✗	✓	✓
Background Check Assistance	✓	✓	✓	✓
Careers Training Program	✗	✗	✗	✓

All plans include a success-based fee structure, where 10% of your annual salary is payable in 3–4 installments after job placement.

For candidates seeking basic support to enhance their application materials, the **\$1,800 Starter Plan** offers essential services. As you progress to the **\$2,000 Growth Plan**, you gain access to premium networking tools and direct hiring manager engagement. The **\$2,500 Technical Plan** provides a significant boost with specialized technical interview support, crucial for many roles. Our most comprehensive option, the **\$3,000 Complete Plan**, includes all available services, offering full-spectrum career development and placement assistance.

Frequently Asked Questions

How does the success-based fee work?

You pay your selected plan fee to begin services. The additional 10% success fee is only owed once you accept a job offer through our placement process, split across 3–4 installments so it never disrupts your first paychecks.

Can I upgrade my plan later?

Yes. Many candidates start with the Starter or Growth Plan and upgrade to add Technical Interview Support once they begin receiving interview requests in technical roles.

How long does placement typically take?

Timelines vary by role and market conditions, which is why every plan is backed by our 90-Day Career Support Commitment — see the next page for details.

Ready to accelerate your career?

Talk to a placement specialist and find the plan that's right for you.

Career Growth Backed by Accountability

We believe career support should deliver measurable value — not empty promises. Our approach is focused on improving your visibility, strengthening your interview performance, and maximizing your opportunities in the US job market.

90-DAY CAREER SUPPORT COMMITMENT

If our team is unable to generate meaningful interview opportunities or measurable hiring progress within 2–3 months, remaining unused service funds may qualify for refund consideration based on the selected program agreement.

Our Process

1

Select Your Program

Choose the career support package that best aligns with your goals and technical preparation level.

2

Profile Optimization

Work directly with our specialists to optimize your resume, LinkedIn profile, and professional positioning.

3

Interview Preparation

Participate in mock interviews, resume walkthroughs, and technical guidance sessions.

4

Market Activation

Launch your optimized profile into active recruiter outreach and targeted application pipelines.

5

Career Acceleration

Continue receiving ongoing support, mentorship, and interview assistance throughout your hiring journey.
